Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on July 13, 2006 has been entered.

Claim Rejections - 35 USC § 112

- The following is a quotation of the second paragraph of 35 U.S.C. 112:
 The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
- 3. Claims 1, 4, 5, 9 and 21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
- 4. Claim 1 recites the limitation "the coprocessor communication bus" in line 9. There is insufficient antecedent basis for this limitation in the claim. Appropriate correction is required.
- 5. Claims 4, 5 and 21 are rejected for incorporating the defects of claim 1, which is the claim from which they depend.
- 6. Claim 9 recites the limitation "said coprocessor communication bus" in line 7. There is insufficient antecedent basis for this limitation in the claim. Appropriate correction is required.
